

Northern Beaches Hapkido

A R T I N M O T I O N

WE ARE MOVING

An exciting opportunity to move to a bigger and **much** better Dojang has just arisen. We have had to move quickly to secure this place for our Club. As most of you are aware, over the past 2 years we have been on the lookout for a more suitable training facility. The current Dojang premises have served us well for over 18 yrs. Although, gradually we have lost our parking, rents have continued to increase and our long term security of tenancy has become an issue.

From 1st Feb 2010, Northern Beaches Hapkido will run classes from "Empower Martial Arts Centre" located at 3/22 Orchard Rd , Brookvale. It offers our students far more, has almost double the training area, better facilities, easier parking and child drop off options, yet is conveniently located just around the corner.

We will still offer 3 Adult and 2 Kids Classes per week, but unfortunately due to limited availability of times, we have had no choice but to change our midweek training days and some times. New times will be:

MON	Kids 5-6pm	Adults 6:30-8pm	INSTRUCTOR:	Master Matt Geister
			Kids:	Master Matt Geister/Paul Stringer
WED	Kids 5-6pm	Adults 6:30-8pm	INSTRUCTOR:	Steve Tamanini/Simon Callaghan
			Kids:	Ramon Mitchell/Gavin/Steve
SAT		Adults 4:00-5:30pm	INSTRUCTOR:	Gavin Mansfield

Thanks to sub-letting over the past 18mths, we have been able to absorb rent increases and increased running costs without raising training fees. As a result, our training fees have not changed for about 6 years. In the new premises, fees will need to increase slightly to reflect the improved facilities and costs involved in renting there. Yet we remain confident that we are still one of the most affordable Martial Arts on the Northern Beaches and pride ourselves on our emphasis on quality not quantity.

Empower Martial Arts centre is owned and operated by the Institute of Modern Tae Kwon Do. They offer their classes on Tuesdays and Thursdays. We plan to instigate a reciprocal training arrangement at reduced fees for all of our students should they wish to pursue some extra training.

We are confident this is a huge step forward for our Club, giving us the ability to run classes with more variety & space, whilst making it easier for our students to get there.

Your Co-operation and support in the move is greatly appreciated.
